DAQ-019-07

M E M O R A N D U M

TO: Air Quality Board

THROUGH: Richard W. Sprott, Executive Secretary

FROM: Mat Carlile, Environmental Planning Consultant

DATE: February 14, 2007

SUBJECT: Propose For Public Comment: Amend R307-130-4 . Options.

During our recent five-year review of R307-130 we discovered a typographical error in R307-130-4. The word “not” was accidentally placed in R307-130-4 at some point in the past. Therefore, we are proposing that the Air Quality Board remove the word “not” in R307-130-4.

This change will not affect DAQ’s implementation of the rule. We have applied the rule as intended, and have encouraged supplemental environmental projects that provide emission reduction beyond those required to meet existing requirements in lieu of penalties.

Staff Recommendation: Staff recommends that R307-130-4 be proposed for public comment. A copy of the proposal is attached.
